

Mission

Provide opportunities for faculty and staff across Virginia universities who prepare future early interventionists to:

- a) improve the availability of high-quality student placements,
- b) build strong collaborations with local systems, and
- c) connect research to practice through shared resources.

Vision

To prepare future early interventionists by improving the quality of relationships and connections among consortium members and local EI system leadership.

Values

Recruit, prepare, and sustain a high-quality EI workforce.

Motto

Relationships, Communication, and Preparation.

Early Intervention/Preservice Consortium

Relationships, Communication, Preparation
